*Ocean Engineering-
For Sustainable Development of Ocean Resources*

ICOE2019 INTERNATIONAL

The International Conference on Ocean Engineering (ICOE2019) will be organized by the University of Mauritius and the Department of Ocean Engineering, Indian Institute of Technology Madras (IITM).

The theme of the conference is ***Ocean Engineering: For Sustainable Development of Ocean Resources***. The purpose of this conference is to highlight how technology is being used to contribute to the challenges behind addressing Sustainable Development Goals, (SGDs).

EXHIBITION

The event ICOE 2019 is expected to attract at least 200 delegates around the globe, including coastal and Ocean engineers, Environmental specialists, consulting firms, petroleum companies, research laboratories and port/harbor/ ocean engineers.

The exhibition will form a central part of the attractions for this prestigious international conference, which is hosted by the University of Mauritius and the Indian Institute of Technology, Madras. Exhibiting at ICOE2019 will represent an unrivalled opportunity to project the skills and expertise of your company, showcase your products and reach a targeted audience of experts and decision makers in the Ocean, Port and harbor sector covering problems related to ocean, inland, river, hydro-environment, estuarine, coastal and petroleum Engineering.
