

Virtual Conference on Computational Chemistry

"Computational Chemistry in the Digital Age"

VCCC-2013 - 1st to 31st August 2013

Award for three best e-presentations

1. KP-3 Application of Quantum Chemical and Statistical Mechanical Methods to Evaluate Local Environmental Impacts of Refrigerant Emissions

M. Flammia, S. Y. Lee, M. L. Cross-Killingsworth, N. Zimmer, D. D. Galvan and P. Blowers

2. KP-10 σ -Hole Interactions: An Umbrella Encompassing Group IV, Pnicogens, Chalcogens and Halogens

J. S. Murray and P. Politzer

3. IP-2 The Thermodynamics of Thiol Sulfenylation

J. Oláh, L. van Bergen, F. De Proft and G. Roos

Congratulations to all the authors
